To Enhance the value of yours,
That is our mission.

MYSCO CO.,LTD.

Contents

- 04 Company Overview
- 06 Main Equipment
- 10 Process
- 12 Business part
- 17 Quality Management
- 18 Major Performance Record

Where one meets Tomorrow's Technologies, MYSCO gives us the to see Tomorrow

We promise to be a faithful partner of the customers.
MYSCO would be your best partner by manufacturing and supplying of all forged products.
Our mission is not just to create profit. We always think customer and our supplier's value.
We want to be your partner with our abundant experience for supplying of forged products on
Petrochemical, Gas, ship-building and Power plant industry.
Our goal is growing together with our all related company.
We promise to be the best competent company based on technology, man power and quality.

+ VISION

Leading Forging Supplier in the world

Est. Date	Aug. 2006	President	Mrs. J. E. Kang
Capital	USD 2.0 Mil.	Employees	80 persons
Core business	Oil and Gas /Wind Power/ Power Plant/ Off-shore PJT		
Location	22-24 Seobu-ro 1499beon-gil, Juchon-myeon, Gimhae-si, Gyeongsangnam-do, Korea		

+ HISTORY

2024

- **Feb**
- Qualified by SABIC as an approved vendor
- **May**
- NORSOK M-650 QTR Certified
(ASTM A182 F53)
- **Oct**
- ISO 14001 & ISO 45001 Certified

2021

- **May**
- ISO 17025 Certified

2018

- **Jan**
- Company name changed from Myung Sung Metal Co., Ltd. to MYSCO Co., Ltd.

2017

- **Dec**
- CPR certified
- Qualified by K.O.C as an approved vendor

2015

- **Mar**
- Move to new head office from Bonsan Plant to Juchon Plant

2013

- **Jun**
- Company name and Corporate changed from BIM Co., Ltd. to Myung Sung Metal Co., Ltd.

2012

- **Oct**
- PED 97/23/EC certified

2009

- **May**
- Started operating 2,000Ton Press
- **Jun**
- Upgrading 500Ton press to 750 Ton press
- Upgrading 1,800Ø RRM to 2,000Ø RRM

2008

- **Jun**
- ISO 9001 Certified
- Started Operating 1,800ØRRM

2007

- **Dec**
- Construction of factory completed
- Started Operating 500Ton press

2006

- **Aug**
- Company established as a BIM Co., Ltd. at Bonsan factory

+ ORGANIZATION CHART

Petrochemical Plants

· Heat Exchanger part · Connecting part · Driving Shaft part

MYSCO will become the engine of Korea's industrial growth." Dedicated to dominating the world industry, we will devote our full efforts to develop our facilities and technologies, and will realize our 100 year vision.

PRODUCT

Tube Sheet

Self Reinforce Flange

Ball Valve

Flange

Nozzle

Shell

Shipbuilding & Maritime Facility

· Engine part · Connecting part · Driving Shaft part

MYSCO support nuclear plants, large-scale vessels, heavy industries, and all industrial infrastructure, more than 10 years of accumulated knowledge in free forging. All the families that make up MYSCO are dedicated to exploring the world market by introducing our quality products to the world.

PRODUCT

Pintle

Connecting Rod
- Size : B&W MAX 98MC SULZER Max RTA 96

Shaft

Propeller Shaft

Nuclear Power Plant

With our the advanced technologies in the nuclear forgings, MYSCO is committed to providing quality products to fulfill customer satisfaction.

49	2021	TECHIMONT / CURO	Ammonia and Urea Production & Amur Gas Chemical Complex / Russia	FORGING	CARBON, ALLOY, SUS	347

The Iridescent sweat

To take another step over the top,
MYSCO. Co., Ltd. will forward to develop technology and struggle to make
our own valuable brand name for peculiar material.

We will be the most reliable company by supplying of our high quality products based on
confidence and Technology.

In the end, MYSCO. Co., Ltd. will stand out boldly and will be the hope of forging industry for the 21th century.
